

BLACKOUT

Tire Shine

DESCRIPTION

Penetrates, rejuvenates, protects and beautifies all types of tires. Restores old surfaces to like-new condition. Prevents drying, hardening and cracking. Protects against oxidation and dry rot. Leaves a deep gloss that wears like armor.

Do not use on floors or interiors.

Its clinging action means you don't have to wipe or worry about run off.

BENEFITS

- *Penetrates*
- *Rejuvenates*
- *Protects*

HOW TO USE

1. Clean surface thoroughly with our Nano-Wash and rinse with water. Allow to dry.
2. While surface is still wet, rinse with clean water.
3. Allow to dry.
4. Spray BlackOut Tire Shine liberally. Allow to penetrate thoroughly.
5. No need to wipe off excess, just let it dry.
6. When first used, a repeat application may be desired, especially on more worn, older tire surfaces.
